

Hi, I bought some soap from you when we were staying in Totnes over the summer. I bought my husband some soap for eczema and it has been brilliant, I want to buy him some more but can't remember what it was!! Please help!

Hello Emma

Just wanted to say thank you for your lovely Unscented Avocado soap, it has really helped my hands heal. I have just ordered some more and some for another friend whose hands aren't feeling very happy.

Hi Emma,

I bought some soap off you at Quest, I have Eczema and your soap is amazing! Just about to buy some more anything you can recommend?

Kind regards

Richard

I am ordering these soaps (Avocado Unscented x 6) for myself and my friends after buying one for my daughter at the Christmas fare in Exeter and raving about it and how it worked for my daughter so they want to give it a go on their own children that also suffer with eczema. Vicki

Hi Emma's Soap people!

I bought some of your soap at the weekend from a shop on Herm Island (in the Channel Islands). I just wanted to let you know I love it! I have extremely sensitive skin and have all sorts of trouble with allergic reactions to shower gels, soaps, makeup, laundry detergents, basically everything under the sun.

I am always on the lookout for new products that might work for my skin, and the ingredients list on your soaps looked really good. I bought one bar of the unscented avocado soap and also one 'Complete' bar to use for my hair. They are both fabulous! No blotches, no rashes, no redness/itching/spots and all the rest of it. It's a miracle! To avoid allergic reactions I often use products meant for people with eczema, but they are usually full of mineral oils which feel gloopy and greasy on my skin. After a few days using your soap my skin feels calm, smooth and happy. Your soap is so great I could cry. Please don't ever stop producing it!

The shampoo bar is also a bit of a revelation. It is very hard to find shampoos and conditioners with low/no fragrance, and simple ingredients that won't upset my skin. Most ordinary shampoos and conditioners give me an itchy scalp and rashes around my neck from the fragrance. So far I've had no problem at all using the shampoo bar. The essential oil fragrance is subtle and has not upset my skin at all, and the bar leaves enough moisture in my hair that I don't need a separate conditioner.

I'm so, so happy I found your products. You have a customer for life! I also love your ethical approach, it will help me make up for the environmental damage I've done trying hundreds of products over the years :)

Thank you for being so awesome!

Rachel

Another happy customer
😊

At the Honiton Show I gave this man a bar of my 'Avocado Unscented' soap after seeing his hands. A year later he came and found me at Axe Vale Show and presented his improving hands. He's now a regular internet customer.

"Do you remember me?"

My hands in August 2013, so sore and cracked, nothing works, no creams, potions, lotions, alternative and/or prescribed. I have even sat in A&E begging them to help me. I used your soap and it helps, my skin has improved."

Dear Emma

We came to your stall at Womad last year and got some soap for our 3 month old. It's been great! You recommended 2 soaps, the 'Unscented Avocado' and another which I can't remember*. Could you let me know what else is suitable for toddlers - he is now 18 months.

Many thanks
